

Lesson Make-Up Policy

1. Every student is allowed to miss two lessons without penalty per quarter (note: these are credited at the end of the quarter)
2. If the schedule for the day is condensed, students are required to be at their lessons during the block that they are scheduled for.
3. Students need not make up their lessons for days that there is no school.
4. Students need not make up their lessons for lessons missed due to standardized testing (PSSA's and Foresights) where their scheduled class time is eliminated by the school.
5. Students **MUST** be at lessons even when Mr. Schlosser is not here. For those days, students will have assignments to complete during the lesson time with the substitute.
6. Students taking private lessons outside of the school are not required to take lessons during the school day.
7. Students are expected to be prepared for their lessons.
